

2010 Summer Research Fellowship Program

Submission Deadline is January 15, 2010

The purpose of the Summer Research Fellowship (SRF) program is to provide summer salary support to faculty who will dedicate the summer to original scholarly, research, and creative activities that will result in publications, exhibitions, and other scholarly and creative accomplishments. During the SRF award, faculty should dedicate their full time to research projects completely unencumbered by teaching and administrative responsibilities. Accordingly, SRF recipients must, during the SRF period, not be employed at the University in any other capacity, and not accept other profitable employment. **SRF's are NOT awarded for** the preparation of textbooks, preparation of a course or portion of a course, and projects of an explicitly commercial nature. SRF awards are for up to \$7,000 in summer salary.

If a SRF applicant would like to apply for funding to cover costs such as travel, research assistants, copies, etc., then they can apply for one of the deadlines listed in the Research Council grant guidelines. As of August 2009 Research Council grant funds cannot be requested with the SRF proposal.

ELIGIBILITY

1. Every applicant for a SRF must hold *at the time of submission* a tenured or tenure-track, nine-month, full-time academic appointment, at the rank of Assistant Professor or above, at MU.
2. No faculty member may receive more than the maximum Summer Research Fellowship award over any 2 consecutive summers.
3. The University expects the applicant to remain a University employee for a minimum of one-year following completion of a funded project.

MODEL PROPOSALS

A listing of these proposals may be viewed online at
<http://www.research.missouri.edu/funding/model.htm>.

2010 Summer Research Fellowship Program
Submission Deadline is January 15, 2010

DEADLINE

Applications are due by January 15, 2010.

APPLICATION INSTRUCTIONS

Application information and forms for Summer Research Fellowships are available on the Web at: <http://www.research.missouri.edu/funding/internal.htm>. The application should be submitted electronically by using eFunding (electronic proposal system) and one signed cover page should be sent to 205 Jesse Hall or faxed to 884-8371 or e-mailed to melissa@missouri.edu by the deadline. We will NOT accept the signed cover page uploaded to the documents section of eFunding. If applicants have documents that they want the reviewers to view and they are having trouble uploading them to eFunding or converting them to an electronic format, then please send an e-mail to melissa@missouri.edu.

Format

- Applicants should keep in mind that members of the Research Council Committee represent a variety of disciplines from across the campus. *Therefore, applicants must write their proposals without excessive jargon and in a style that is clear to reviewers who are not experts in the specified area.*
- Every application must include the required cover page and information requested below. Please use the major organizational headings, in the order given. Include all of the information that is requested under these headings.
- Applications that are incomplete or exceed the page limits will be returned to the investigator for correction.
- It is helpful to include the applicant's name in the upper right-hand corner of *each* page of the uploaded documents but this is not necessary.
- All applications must use 12-point or larger font or 15 characters or less per inch, be single-spaced with 1-inch margins. Any applications that have fonts smaller than 12-point font or more than 15 characters per inch will be returned to the applicant.

2010 Summer Research Fellowship Program
Submission Deadline is January 15, 2010

- All uploaded files are required to include the principal investigator's last name as the first word in the file name. For example, instead of CV.doc, use DoeCV.doc.
- All words should be in English. If you have a document that is not in English, please provide a translation.
- Sections II, III, IV, V, and Research Compliance listed below need to be uploaded and coded as separate files in eFunding. See below for the code categories. Sections V and Research Compliance are only if applicable.

I. Cover Page with Required Signatures

As you complete the sections called Applicants, Proposal Information, Compliance, Abstract and the My Account section the system is creating a cover page for you. If you go to the main My Project page and the Action column has a pull down menu. One of the options is Print Cover Page. You can select Print Cover Page at any time before or after you submit the proposal. On the cover page you print out you will find a signature line. One signed cover page should be sent to 205 Jesse Hall or faxed to 884-8371 or e-mailed to melissa@missouri.edu by the deadline. We will NOT accept the signed cover page uploaded to the documents section of eFunding.

Your Department Chair or Director and your Divisional Dean must sign the paper copy of the cover page, indicating departmental and divisional release from all teaching and administrative duties. A copy of the application must be given to your Department Chair or Director and your Divisional Dean.

II. Detailed Plan of Project (*Maximum 6 pages for A. – F. and b. –d. No page limit for a., G. and e. This section should be coded as Detailed Plan of Project.*)

The plan should include the following information:

- A. Overall goals and objectives or specific aims
- B. Relevant background and literature
- C. Significance of project
- D. Methods or procedures

2010 Summer Research Fellowship Program
Submission Deadline is January 15, 2010

- E. Justification – How will completion of the proposed work facilitate future career goals? How will the proposed work leverage future funding? If your appointment is different than the traditional 40% teaching, 40% research, and 20% service model, please explain if the difference is relevant to your proposal.
- F. Timetable for completion of the entire project. If the project extends beyond the duration of the fellowship, clearly indicate what you plan to complete during the fellowship.
- G. Citations

Applicants proposing Summer Research Fellowship to work on a book or proposal for a book should include: (a) the proposed table of contents, (b) a description of the work completed thus far, (c) the portion of the scholarly work that will be completed during the summer research fellowship, (d) a timeline for completing the entire project, and (e) letters of interest from prospective publishers or documentation of a publication contract.

III. Biographical Sketch/Curriculum Vitae (*Maximum 2 pages. This section needs to be coded as Biographical Sketch/Curriculum Vitae.*)

Include the following types of information:

- A. Education. Indicate institutions, degrees, and dates
- B. Employment History. Include postdoctoral research and/or professional experience
- C. List of Grants/Fellowships. Indicate grantor, inclusive dates, and the amount of each award. List here those grants not mentioned in the “Internal and External Support” section.
- D. List publications most closely related to the proposed project: include titles and all authors. Indicate refereed journals, juried shows, etc. by an asterisk (*). Summarize your productivity by indicating the total number of refereed and non-refereed journal articles, books, book chapters, invited papers, juried shows, etc.

IV. Internal and External Support (*A report(s) needs to be completed for item A. Items B. and C. need to be coded as Internal and External Support.*)

- A. Support from the Research Council Committee.

2010 Summer Research Fellowship Program

Submission Deadline is January 15, 2010

Each applicant on the cover page needs to complete or update a Faculty Outcome Report for each approved Research Council, Research Leave and Summer Research Fellowship listed under their My Projects section of eFunding. If the applicant is no longer producing outcomes, then they need to indicate it in the section labeled Please explain the current status of your research project section. The Research Council Committee members will be given access to these reports.

A new report can be created by clicking Create New Project on the My Projects page and selecting Faculty Outcome Report for RC Programs. An old report can be updated by going to the My Projects page, selecting Reuse this Cover Page on the Action menu under the one to edit.

B. Other Internal Support.

List all *other* current and pending internal funds, including start-up funds, Research Board, Instructional Design and Development Grant, Faculty Development Leave, Experiment Station and special programmatic funds.

1. Provide source of support, project title, dates of entire project period, award amount, and extent of overlap with the proposed project.
2. Describe what portion of internal support funds are encumbered/unencumbered.

C. External Support.

List all current and pending external funds. Provide source of support, project title, dates of entire project period, award amount, and extent of overlap with the proposed project.

V.. Appendix (*Use only if relevant. Reviewers are not required to review. This section needs to be coded as Appendix.*)

If complex methodology, equations, statistical analysis, or artwork is the focus of the project, up to 2 additional pages may be included as an appendix. This must be placed at the end of the application. Do not use the appendix to circumvent the page limitations of the research plan. It

2010 Summer Research Fellowship Program
Submission Deadline is January 15, 2010

is to the applicant's advantage to use the appendix judiciously, because reviewers are not required to review the appendix or refer to materials in the appendix. Application must be able to stand on its own without the appendix.

Additional Expenses: If a SRF applicant would like funds for travel, copies, or other non-teaching replacement costs, then they can apply for one of the Research Council grant proposal deadlines. See the Research Council proposal guidelines.

RESEARCH COMPLIANCE *(This section needs to be coded as Compliance Paperwork.)*

All research must be conducted in compliance with Federal and University Regulations. A compliance approval letter or e-mail must be submitted to the 205 Jesse Hall (Office of Research) or uploaded to eFunding or e-mailed to melissa@missouri.edu before a fiscal account can be set-up. **Funds will not be released until notice of approval is received in the Office of Research.**

Application forms for the following committees can be found on the Office of Research website: <http://www.research.missouri.edu/complia/index.htm>

- **Human Subjects.** Application information and forms may be obtained from the website listed above or from the Campus IRB coordinator (882-9585) or from the Health Sciences IRB coordinator (882-3181).
- **Animal Protocols.** Application information and forms may be obtained from the website listed above or from the ACUC Coordinator (884-6758).
- **Export Controls.** Any actual or deemed export of certain technology may be restricted by the Department of State or the Department of Commerce. Any involvement of non-U.S. citizens with restricted technology should be referred to the MU Office of Research (882-9500).

Application forms for the following committees can be found on the Environmental Health and Safety website: <http://ehs.missouri.edu/>

2010 Summer Research Fellowship Program
Submission Deadline is January 15, 2010

- **Hazardous Materials.** Authorization information may be obtained from the website listed above or from the Hazardous Materials contact (882-7018).
- **MU Research Reactor.** Authorization information may be obtained from the website listed above or from the Reactor contact (882-5226).
- **Radiation Safety.** Authorization information may be obtained from the Radiation Safety Coordinator (882-7221).
- **rDNA/Biosafety Protocols.** Authorization information may be obtained from the website listed above or from the rDNA/Biosafety Coordinator (882-7923). Note that possession of Select Agents is regulated through the MU Biosafety Committee.

RESEARCH COUNCIL COMMITTEE MEMBERS

Members of the Research Council Committee, who are appointed by the Vice Chancellor for Research, review Summer Research Fellowship proposals. Occasionally to meet disciplinary expertise requirements, *ad hoc* faculty reviewers also provide evaluations. The Vice Chancellor for Research makes awards based on recommendations made by the Research Council Committee. **Contact with current Council members regarding your application before or after review is inappropriate, due to the potential for and the appearance of a conflict of interest.** The Research Council Committee encourages discussion of the SRF program and guidance on your specific proposal with *former* members of the Council. A list of former members who have served in the last three years is available from the Office of Research. If you have questions or desire guidance in the preparation of a proposal, please contact the Office of Research, 203 Jesse Hall.

CRITERIA USED IN THE REVIEW

In the review process, the Council seeks to identify and support the most worthy applications, regardless of discipline or faculty rank. *Faculty members are limited to no more than 2 months of Summer Research Fellowship funding over any 2 consecutive summers.* The Council gives preference to applications from faculty members who have not received a Summer Research Fellowship award in the last five years. For applicants whose proposals are judged to be of similar scholarly merit, preference will be given to junior faculty.

2010 Summer Research Fellowship Program
Submission Deadline is January 15, 2010

All applications are reviewed in accord with the following criteria.

- **Goals and Objectives.** Is the overall goal of the project well conceived? Are the specific objectives clearly stated?
- **Intrinsic Merit.** (Significance, originality, and creativity)
If the project is successful, will it result in an important, original contribution?
- **Design and Procedures.** Is the design appropriate to achieve the stated goals? Are the procedures clearly stated? Is the approach sound and innovative?
- **Feasibility.** Is the project likely to succeed? Can the project be completed in the time allowed? Are the necessary support resources available?
- **Qualifications.** Does the applicant have the training and demonstrated expertise in the area of the proposed project?
- **Productivity.** Has the applicant demonstrated productivity in publications, presentations, and creative works? What products have resulted from past Research Council and Summer Research Fellowship support?
- **Need for the Resources.** What resources are available to the applicant? What resources are available to support work in the field? What special circumstances exist (e.g. new scholar, new project, interruption of external funding)? What opportunities exist for “leveraging” the funds to enhance (e.g., extend, expand) the proposed project and attract future external funding?

ADMINISTRATION OF SUMMER RESEARCH FELLOWSHIPS AWARDS

The Office of Research submits the proposals to the Research Council Committee and administers its recommendations.

Stipends may be awarded for up to \$7,000 to cover two months of research activity depending on the nature of the project. Applicants should specify in the proposal the anticipated amount of time to be spent on the project.

Stipends will be paid either in:

2010 Summer Research Fellowship Program
Submission Deadline is January 15, 2010

- One installment at the end of June or July
- Two installments at the end of June and July, or July and August, depending on when the research is performed.

If an applicant is awarded a SRF and, in addition, summer salary support is received from an outside agency that limits the funds for salary to less than 2/9 of the applicants regular nine month salary, the applicant may *use the SRF award to supplement the salary award from the outside agency*, up to the amount that equals 2/9 of the applicant's regular nine-month salary. (Some outside agencies do not allow for supplementation of salary for the two-month summer period. In such unusual circumstances, compensation may be negotiated for a longer period during the summer). SRF awards are for up to \$7,000. Summer salary is limited to 2/9 of the applicant's regular nine-month salary from internal funding sources (Research Council and Research Board).

Within reasonable bounds, projects approved for funding by the Research Council Committee are to be completed as described in the original application. If significant changes are contemplated, they should be described in writing to the Vice Chancellor for Research, who in consultation with the Chair of the Research Council Committee, will decide whether to approve the change or resubmit the proposal to the Council as a whole.

ADMINISTRATION OF RESEARCH COUNCIL AWARDS

OUTCOME REPORT FOR RESEARCH COUNCIL AWARDS

The first fiscal year after your award has been granted, the Office of Research will request you fill out an Outcome Report on your award. Then the Office of Research will request updates every year to the Outcome Report until the project is finished.

2010 Summer Research Fellowship Program

Submission Deadline is January 15, 2010

The purpose of the Outcome Reports is to evaluate the Research Council program and not to evaluate the investigator(s). Any investigator who applies after August 2006 will be required to have an up-to-date electronic Outcome Report on file in the Office of Research before they can submit any new Research Council, Research Leave or Summer Research Fellowship applications, request Research Council time extension or request a revised budget.
