Flowchart of the Preferred Method for Obtaining and Documenting Informed Consent from Non-English Speaking Subjects

1. Investigator provides a written translation of the IRB-approved English version consent
2. Investigator provides a qualified interpreter to facilitate the consent discussion
3. By answering and asking questions, the investigator determines whether the subject comprehends the consent information to ensure the informed consent is valid

Signatures required:
1. Subject or legal surrogate (when approved)
2. Witness/interpreter
3. Person obtaining consent

A signed copy is given to the subject
